September 2004, Special Edition

RAISING THE ROOF — The Story of a Successful Project

VP of Communications , Regina Moorhead

The arrival of Autumn means the NorthEast Indiana Chapter of the Project Management Institute is in full swing! Put our evening programs on your calendar—they are held on the last Tuesday of the month.

Our September program was very well received by those in attendance. Our featured speaker was Randy Brown, General Manger of the Allen County War Memorial Coliseum. Mr. Brown spoke about the \$35 million expansion program completed in 2002. The addition of 2,000 new seats and 24 new skyboxes has attracted more visitors and big-name acts.

Mr. Brown's presentation, inclusive of a PowerPoint show of wonderful pictures of the progress of the expansion, kept the membership engaged by sharing the project's initial options and scope decisions, the risk management plan, the timeline, approaches to communications and more. Successful from many perspectives, the end result delivered a net profit in 2003, with a larger expected net profit this year.
